YOUR TEAM'S ANSWER

1 Separate the claims

Rewrite one insight as its distinct material claims.

2 Classify and set the warrant

Give each claim a class and the minimum warrant it requires.

3 Apply the Nine Gates

Record pass, qualified pass, fail or not yet testable for each claim.

4 Build the Confidence Vector

Complete all six dimensions without averaging them.

5 Match the Warrant Ladder

Place each claim at a threshold from Notice to Automate.

6 Write the Warrant Statement

Include scope, permitted use, owner and expiry.

7 Record any Warrant Debt

Name the deferred tests behind urgent or reversible action.

8 Decide the disposition

Approve, narrow, pilot, monitor, communicate, defer or reject the proposed use.

9 Assemble the Evidence Pack

Assign ownership for every unresolved test.

10 Hand off to the ledger

Prepare the claim and evidence objects for the Dharma Ledger.

WHAT THIS CANVAS PRODUCES

A claim-specific Warrant Portfolio and portable Evidence Pack that state what deserves belief, for which use, under whose authority and until when.
